BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

**Section 1.** Section 10-4-102, MCA, is amended to read:

**"10-4-102. Department of administration duties and powers.** (1) The department shall assist in the development of basic and enhanced 9-1-1 systems in the state. The department shall:

(c) establish criteria for evaluating basic and enhanced 9-1-1 system plans;

(d) monitor implementation of approved basic and enhanced 9-1-1 system plans for compliance with the plan and use of funding; and

(e) as it finds necessary, report to the legislature the progress made in implementing statewide basic and enhanced 9-1-1 systems and in implementing wireless enhanced 9-1-1 services.

(2) The department shall obtain input from all 9-1-1 jurisdictions by creating an advisory council to participate in development and implementation of the 9-1-1 program in the state. The council must be established pursuant to 2-15-122. The highway patrol, emergency medical services organizations, telephone companies, the associated public safety communicators, the department of emergency services, police departments, sheriff's offices, local citizens, organizations, and other public safety organizations may submit recommendations for membership on the advisory council.

(3) The department may request information from a specific 9-1-1 jurisdiction as determined necessary for the department to fulfill its duties under this chapter. If a 9-1-1 jurisdiction does not comply with the request,

the department may suspend distributions to the 9-1-1 jurisdiction as provided in 10-4-302(4)."

**Section 2.** Section 10-4-302, MCA, is amended to read:

**"10-4-302. Distribution of basic 9-1-1 account by department.** (1) The department shall make quarterly distributions of the entire basic 9-1-1 account. The distributions must be made for the costs incurred during the preceding calendar quarter by each provider of telephone service in the state for:

(a) collection of the fees imposed by 10-4-201;

(b) modification of central office switching and trunking equipment for emergency telephone service only;

and

(c) conversion of pay station telephones required by 10-4-121.

(2) Payments under subsection (1) may be made only after application by the provider to the department for costs incurred in subsection (1). The department shall review all applications relevant to subsection (1) for appropriateness of costs claimed by the provider. If the provider contests the review, payment may not be made until the amount owed the provider is made certain.

(3) After all amounts under subsections (1) and (2) have been paid, the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account. A 9-1-1 jurisdiction whose 9-1-1 service area includes more than one city or county is eligible to receive operating funds from the allocation for each city or county involved. The department shall distribute to the accounting entity designated by a 9-1-1 jurisdiction with an approved final plan the proportional amount for each city or county served by the 9-1-1 jurisdiction. The department shall provide a report indicating the proportional share derived from the individual city's or county's allocation with each distribution to a 9-1-1 jurisdiction.

(4) If the department through its monitoring process determines that a 9-1-1 jurisdiction is not adhering to an approved plan, or is not using funds in the manner prescribed in 10-4-303, or has failed to provide information as provided in 10-4-102(3), the department may, after notice and hearing, suspend payment to the 9-1-1 jurisdiction. The jurisdiction is not eligible to receive funds until the department determines that the jurisdiction is complying with the approved plan and fund usage limitations or has provided the requested information.

~~(5) The department shall distribute any balance in the basic 9-1-1 account on July 1, 1998, on a per~~

capita basis to those 9-1-1 jurisdictions that have approved final plans filed with the department as required by 10-4-112."

**Section 3.** Section 10-4-313, MCA, is amended to read:

**"10-4-313. Distribution of wireless enhanced 9-1-1 account by department.** (1) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account for allowable costs described in 10-4-301(1)(c)(ii) incurred by each wireless provider in each 9-1-1 jurisdiction as follows:

(a) For each fiscal year through the fiscal year ending June 30, 2011:

(i) 84% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. The wireless provider in each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(ii) the balance of the account must be ~~distributed~~ allocated evenly to the wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (1)(a)(i) and (1)(a)(ii) must be adjusted to ensure that a wireless provider does not receive less than the amount allocated to wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state.

(b) For fiscal years beginning after June 30, 2011, 100% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. Each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(c) If the department is unable to fully reimburse a wireless provider under subsection (1)(a) in any quarter, the department shall in the subsequent quarter pay from the allocation under subsection (1)(a) to wireless providers any unpaid balances from the previous quarter. If the amount available is insufficient to pay all previous unpaid balances, the department shall repeat the process of paying unpaid balances that remain unpaid for as many quarters as necessary until all unpaid balances are fully paid. The department shall review all invoices for appropriateness of costs claimed by the wireless provider. If the wireless provider contests the review, payment may not be made until the amount owed to the wireless provider is determined.

(d) A wireless provider shall submit an invoice for cost recovery according to the allowable costs.

(e) The department shall determine the percentage of overall subscribers, based on billing addresses, within the 9-1-1 jurisdiction for each wireless provider seeking cost recovery by dividing the wireless provider's

subscribers by the total number of subscribers in that 9-1-1 jurisdiction. The percentage must be applied to the total wireless provider funds for that 9-1-1 jurisdiction, and each wireless provider shall receive distribution based on the provider's percentage. To receive cost recovery, wireless providers shall submit subscriber counts to the department on a quarterly basis. The subscriber count must be provided for each 9-1-1 jurisdiction in which the wireless provider receives cost recovery within 30 calendar days following the end of each quarter. The department shall recalculate distribution percentages on a quarterly basis.

(f) If the department determines that a wireless provider has submitted costs that exceed allowable costs or are not submitted in the manner prescribed in 10-4-115, the department may, after giving notice to the wireless provider, suspend or withhold payment from the wireless enhanced 9-1-1 account.

(2) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account described in 10-4-301(1)(c)(i) to each 9-1-1 jurisdiction in accordance with 10-4-311(3) as follows:

(a) for each fiscal year through the fiscal year ending June 30, 2011:

(i) 84% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account.

(ii) the balance of the account must be ~~distributed~~ allocated evenly to the counties with 1% or less than 1% of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (2)(a)(i) and (2)(a)(ii) must be adjusted to ensure that a county does not receive less than the amount allocated to counties with 1% or less of the total population of the state; and

(b) for fiscal years beginning after June 30, 2011, 100% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties' share of the account."
